OUR TOP PRIORITY - COMMITMENT TO EXCELLENCE

Specimen Integrity | Culture of Care

Spokane Medical Courier treats every delivery seriously. Preserving specimen integrity during transport by only staffing certified, trained, compassionate, professionals for all our deliveries. Our certified drivers are dedicated to providing critical medical deliveries with the utmost attention and care to detail.

We are committed to putting patient care at the center of everything we do - our Culture of Care is evident in our daily practices.

Spokane Medical Courier provides leading-edge technology with up to the minute tracking and upon request, GPS tracking capabilities. All of our transport equipment is state of the art and OSHA approved in order to provide the utmost protected and safest transportation of all our deliveries.

We are a Specialized Service | Real-Time Reporting

Spokane Medical Courier specifically services the health sector focusing on providing safe and reliable transport solutions for the health care industry. What do we transport? Whatever you need us to! Medical and health related goods, medical records, confidential documents, blood products, specimens, pharmaceuticals, equipment, inner-office materials, etc.

Why Choose Us? | Certified Courier Proof & Documentation

Spokane Medical Courier offers the most comprehensive retrieval system that administers irrefutable proof of any present or past delivery, whether the delivery was made 24-hours ago or a year later. We provide electronic real-time documentation of delivery time, place of delivery, condition of item(s), recipient's name, signature, initials, and photographic proof. If documentation, reliability, security, efficiency, reputation, and ease of mind knowing you have a partnership with a company that tailors to the needs of their customers and takes security and liabilities seriously - like no other medical courier company in Spokane - then please give us a call or go online for an electronic BID.
